**Let's Vote Pro-Life In November**

We Americans have shared many years of pride for our country and accomplishments. We have also suffered pain in the loss of thousands of our military who died to keep us safe. We have survived the Great Depression and many, many storms such as tornadoes, hurricanes, and earthquakes through the years.

But we still have the biggest hurdle of all. We need to abolish abortion once and for all! It is the killing of tiny innocent babies in the womb of their mothers. Babies are a precious gift from God. And no one has the right to kill them! They used to be safe in their mother's womb. But since 1973 when abortions were made legal it has become the most dangerous place for a baby to be. All the baby wants is to be loved and cherished.

With the November 3rd election coming up, we have the means to right this terrible wrong.

Abortion has already killed over 62 million babies in the USA since 1973. We could help save the lives of millions of babies.

Let's vote Pro-Life in November.

*Ruth Webe*

## Votemos Pro-Vida en noviembre

Los estadounidenses hemos compartido muchos años de orgullo por nuestro país y nuestros logros. También hemos sufrido dolor por la pérdida de miles de nuestros militares que murieron para mantenernos a salvo. Hemos sobrevivido a la Gran Depresión y a muchas, muchas tormentas como tornados, huracanes y terremotos a lo largo de los años.

Pero todavía tenemos el mayor obstáculo de todos. ¡Necesitamos abolir el aborto de una vez por todas! Es la matanza de pequeños bebés inocentes en el útero de sus madres. Los bebés son un regalo precioso de Dios. ¡Y nadie tiene derecho a matarlos! Solían estar a salvo en el vientre de su madre. Pero desde 1973, cuando se legalizaron los abortos, se ha convertido en el lugar más peligroso para un bebé. Todo lo que el bebé quiere es ser amado y querido.

Con las próximas elecciones del 3 de noviembre, tenemos los medios para corregir este terrible error.

El aborto ya ha matado a más de 62 millones de bebés en los Estados Unidos desde 1973. Podríamos ayudar a salvar la vida de millones de bebés.

## Bearing Fruit

Most people know about the folk hero Johnny Appleseed, who moved across the heartland of America during the early western expansion of the frontier. He became famous for scattering seeds as he walked, planting apple trees everywhere he traveled. What is less well known is that the Christian faith was central to who Johnny was and to what he did with his life. Besides planting nurseries, Johnny lived the life of a missionary. As he traveled, he shared the gospel with many adults and children, including the Native Americans he met along the way.

Johnny Appleseed's work was simple and physical, carrying seeds and seedlings to people in the frontier so that families and communities could have a useful crop and feed themselves. His work was rooted in his faith — like Jesus, he saw the planting of seeds as symbolic of how God's love is planted in us and bears fruit. Author Cammie Sancheti points out that Johnny "looked for ways to spread his faith along with his apple trees, instead of abandoning one work to take up another. *In essence, he let God use him where he was.*"

Johnny Appleseed spread his faith along with his apple trees. He heard God's Word, understood it and shared it with others, and the result was the growth of both Christian faith and apple trees. We can do the same, although we don't have to hike across the frontier and distribute seeds and seedlings. There is plenty of planting and sharing to do in our own neighborhoods. We can get dirty and let God use us right where we are.
